March 23, 2010

The Idaho Meth Project will be hosting a free meth awareness forum tonight at Madison Memorial Hospital at 6 p.m. in the Steiner Conference Room.

The purpose of the forum is to encourage conversations between parents and their kids about the negative effects of methamphetamine. Because of the content to be discussed, children under 10 years of age are asked not to attend.

An Idaho Falls resident will be giving their story and how their life was impacted by meth. Lieutenant Steve Davis, Idaho State Police, will also be presenting information.

The address for the hospital is 450 E. Main St., Rexburg.
